Homeownership is a big goal. Achieving it takes time, support and faith in yourself. Many of us question if we’ll ever become a homeowner. **Don’t fall for the myths that can stop you from trying.**

Homeownership is within your reach. The path and time it takes is different for everyone, but with patience and persistence, you can lay a foundation of building assets and success for you and your family!

**HOW DO I START MY PATH TO HOMEOWNERSHIP?**

**ANSWER:** The Homeownership Opportunity Alliance includes organizations committed to opening up the benefits of homeownership to more Minnesotans. Over the next few months, we’ll answer some of the questions you may have about the process, direct you to helpful resources, and ultimately bring homeownership within your reach with education and support.

**DO I HAVE TO DO THIS ON MY OWN?**

**ANSWER:** Absolutely not! In addition to getting support from trusted advisors and moral support from your family and friends, the Homeownership Opportunity Alliance’s nonprofit partners can guide you on your path to homeownership. Get Ready. Be Ready! We’ll help!

“Whatever it takes, whenever you need us. There’s always someone you can call for help.”

- Henry Rucker, Homeownership Advisor at PPL
